ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

A. H. Hubbard of Middlebury, whose right arm was cut off by the cars nearly two weeks ago, is making good progress toward recovery.

Joseph Garney, who resides in Northfield, attempted to commit suicide December 18. He had procured a bottle of carbolic acid and after telling his family what he was going to do, went up stairs. His family being frightened, secured help and the attempt was frustrated.

Congressman D. J. Foster of Burlington was a guest Tuesday evening at a Christmas jubilee dinner given by Senator Chauncey M. Depew in Washington to Speaker Joseph G. Cannon, in celebration of the speaker's campaign through the country and the victory of President Roosevelt.

The Bennington Battle Monument will be lighted by electricity during the coming year. The Bennington Light & Power Co. already furnishes some light at Bennington Center, but the service does not extend north of the Old First church toward the monument. It is probable that the trustees of the village will compel the company to bury the wires through Monument avenue.

The Lumpers, Boxers and Derricksmen at their meeting Wednesday evening elected the following officers: President, Creamer Allen; vice president, Thomas Holden; financial secretary, George Biddle; corresponding secretary, Glenn Allen; treasurer, L. A. Downing; delegates to Central Labor Union, Creamer Allen, George Biddle, Leon Carroll; standing committee, Leon Carroll, L. N. Gauthier and Harry Wilkinson.

The possibilities of plant life are demonstrated by Mrs. Willis L. Fish, of Bethel, who October 29 set out a calla lily bulb in new earth for a house plant. From time to time its growth has been measured. One measurement showed the plant to have grown two and one-third inches in a day for three days. It now has six well formed leaves, one of which is thirty-five inches long, as is also the stalk bearing the full blown blossom.

The shipment of Christmas trees, which has been a feature in the morning freight out of Bennington over the Chatham division of the Rutland railroad for some time, is practically over. The total shipment has reached nearly 1,000,000 trees, which were consigned to persons in large cities. Several carloads went as far west as Chicago. The great bulk of the trees was obtained in the vicinity of Chester, but many trees were secured in and around Danby. In other years one of the great sources of supply has been the town of Woodford. A strong sentiment is growing up in this state against cutting the young trees, on the ground that it is at the expense of the future forest.

A young man about town while walking on Center street in St. Albans Tuesday evening espied a very handsome Angora kitten and at once picked it up and placed it in the pocket of his overcoat. He then started on his way, but had not gone far, when he discovered that the kitten, instead of being of the Angora variety, was not even a Persian kit, but belonged to the family known as Mephitis mephitis. He willingly allowed the kitten to escape and tried to get away from himself by running into the city hall building, where he was greeted with a decidedly warm reception. It was necessary to burn sulphur in the building before the inmates were able to breathe with any degree of complaisance.

A case of accidental poisoning in the family of Newell Ellsworth, of Morrisville, has been discovered and Mr. and Mrs. Ellsworth and youngest son have been dangerously ill, the two former since last Thursday, the boy having become ill a short time previous to the others. Mr. Ellsworth and son are now out of danger and Mrs. Ellsworth will probably recover, although still very ill. Dr. George Bates, the family physician, says there is no question about the nature of their illness as every indication points to arsenical poisoning, although as yet the source of the trouble is a mystery. A possible clue has been discovered from the fact that last summer Mr. Ellsworth sprinkled the gooseberry bushes with Paris green and Doctor Bates has been testing some sauce made from these berries, which has been eaten of frequently by the family, but he has yet failed to find any traces of arsenic.

Record of the Kill.

The following is a corrected list by counties of the deer killed in Vermont in the season of 1904, as returned to Commissioner Henry G. Thomas of Stowe up to December 19, 1904: Addison 22, Bennington 21, Caledonia 27, Chittenden 17, Essex 26, Franklin 29, Lamoille 24, Orange 20, Orleans 24, Rutland 27, Washington 61, Windsor 42, Windsor 119, grand total 519. SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mennett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Verdict on Poultry Food.

The wise merchant respects the opinions of his customers. W. F. George of South Ryegate explains why he handles the line of Poultry Food that he does. Here is his letter: "I have been selling 'Page's Perfected Poultry Food' for several years and my customers not only give your goods high praise as promoters of profit by inducing rapid and vigorous growth in young stock and prolific egg-production in the matured hen, but back their opinions with duplicate orders."
